

Sliderman events & private parties

Thank you for thinking of us for your event. We have a selection of sliders available and the list is ever growing and ever changing. If you have a particular slider that you'd like to eat that you don't see lobster or wagyu, just let us know and we will work on a recipe for you. *(For instance, we recently hosted a breakfast party and created a pork & black pudding slider served with a fried egg & crab chipotle mayonnaise and we are booked to cater for a South African themed wedding and the menu is required to reflect this.)*

We suggest 2-3 sliders + fries for an adult, and 1-2 + fries for a child. We request that you choose 3 different sliders maximum from the selection and order any number of those.

The nature of our business, a truck, lends itself to a casual approach to eating. Not everyone can eat at the same time because cooking and serving space is small, but we can move through 80-100 people an hour with the pre-order that is required for any event.

Our sliders are delicious mini-burgers and are served in a thick paper bag to retain heat, and our fries are served in a lidded heat efficient cup. All of our packaging is biodegradable.

Please note that we do not, as a standard, offer ketchup or mayonnaise. Our sliders are built to offer a mix of different tastes and textures in a small bun and our fries are served with our own seaweed seasoning.

Prices for groups are available on request. Our minimum number of guests is 50 with a minimum spend of £750.00

Sliderman slider selection for private events
